Reason(s) for Excision:

Three excisions to the video recording are required. One excision removes part of a sexual scene depicting a young woman as a girl in her mid-teenage years, dressed in a "schoolgirl" costume. The scenario links youthfulness with sexual desirability and encourages viewers to see young persons as viable sexual partners. This material leads the publication to tend to promote and support the exploitation of young persons for sexual purposes. Two further excisions are required to reduce the extent and degree of degrading, dehumanising and demeaning sexual conduct in the video recording, and the extent and degree to which the video recording degrades, dehumanises and demeans women. These excisions remove strong depictions of anal sexual activity and ejaculation over a woman's face, with both of these incidents presented as a spectacle for the camera.
